TASTING NOTES

This new version of Emmy is slightly different from years past. It is completely sourced from Red Mountain's Ciel Du Cheval vineyard and is the only time it has been 100% Syrah.

“The wine is dense and hedonistic yet has a fantastic sense of acidity, as the weight doesn't overwhelm. Layers of bittersweet chocolate and kirsch collide with minerals, smoked meats and blackberry pie. This finishes very long which makes this every bit gratifying. With light tannins, this rich and viscous Syrah will cellar well for at least another decade.”
