TASTING NOTES

This new addition to EFESTĒ's outstanding selection of Rhone style wines is a Northern Rhone style Syrah that we co-fermented with about 5% Viognier. Along with an extended barrel aging this style leaves us with an extremely vibrant full bodied and well textured wine. Once the wine is in your glass you notice how the small amount of Viognier will add some unique floral notes to the nose. Sourcing these grapes from Red Mountain definitely adds the boldness and earthiness to the mid palate. The spices towards the finish definitely suggests this wine would be fun to pair with some of your favorite foods. Enjoy!
