TASTING NOTES

This one is back for the first time since 2015. Sourced from Block 9, the Second planting at Evergreen Vineyard in 2000. The wine was fermented in 100% concrete which aids in the tropical nose, and immediate flavors of key lime zest. The ever so slight bit of sweetness really balances the acidity. This wine finishes with flavors of pears and pineapple and will be good to open for years to come.
